ESTABLISHED: 2004

Whether you're hitting balls on our one-of-a-kind driving range, practicing your putting on our undulating greens, working on your short game out of our rough or bunker or just sitting back taking it all in on our outdoor patio, we have something fun for everyone!

Standing over your ball looking down the fairway, you can aim at six target greens to practice a variety of shots with all your clubs- from your driver down to your short wedge. Once finished on the range, you can finely tune your short game by practicing your chipping from the rough grass (blue grass) or our bunker.

Already Durham's finest golf practice facility, in 2005 Devil's Den expanded with the introduction of outdoor beach volleyball. What better way to spend the spring and summer months than in the sun and on the sand? Whether to keep fit, socialize or compete, we have something for everyone.
