Canada **Website: www.lessmess.ca**

ESTABLISHED: 2010

Less Mess is a leader in the delivery of topsoil, mulch, compost, sand and stone to homeowners around the Greater Toronto Area for less-mess outdoor landscaping and gardening. A cleaner, friendlier alternative to the traditional soil driveway dumping, Less Mess is delivered in pre-packed re-sealable bags. Less Mess gardening soils are sourced and bagged locally from Earthco Soil Mixtures. Each bag contains over 1 cubic yard (36" x 36" x 36") of quality garden soil, delivered right where the homeowner needs it.

Less Mess also provides a more cost and space efficient solution to landscape architects and developers.

Advantages include:

- Ease of site organization
- Re-sealable bags to prevent soil contamination
- Small bags fit for tight spaces, Bags can easily be hoisted for green roof applications
- Labour costs cut
- Empty bags can be re-used for garbage pick-up and more

Less Mess is active in the greening of GTA communities and has contributed to a variety of community groups including Rail Community Garden, Evergreen Brick Works Gardening Events and Wychwood Barns Community Garden Project.

LESS MESS OFFERS:

- Local distribution centre in Etobicoke and Concord
- Centrally dispatched fleet of trucks
- Extensive Product Availability including but not limited to:
 - Screened Topsoil
